

Marine Debris

EXIT TICKET

Directions: Answer the following questions in complete sentences.

1. Reflect on today's lesson about marine debris. In your opinion, what is the most impactful action an individual can take to reduce marine debris, and how does it contribute to creating a healthier marine environment?

2. Consider the 5 R's: Refuse, Reduce, Reuse, Recycle, and Repurpose. Which of these do you find most effective in addressing marine debris in your daily life? How can incorporating make a difference in slowing and prevent the impact of marine debris on our oceans?
